

COMPANY PROFILE **2023**

ABOUT PGPICC

Established in 2015, Persian Gulf Petrochemical Industry Commercial Company (PGPICC) is a petrochemical commercial company that benefits from petrochemical industry experts. Marketing and Sales of petrochemical products produced by subsidiaries of Persian Gulf Petrochemical Industries Company, also known as PGPIC, (the 2nd largest petrochemical holding company in the Middle East which holds approximately 45% of Iran's total petrochemical production capacity), form the core business activities of PGPICC.

PGPICC is responsible for trading the entire product line of 17 petrochemical and 2 utility plants including 3 newly developed projects under four categories of Polymers & Isocyanates, Chemicals & Aromatics, Fuel & Feedstocks, and Fertilizers. These products are mostly sold in Northeast Asia, Middle East, and Southeast Asia followed by the Indian Subcontinent, CIS, Western Europe, Africa, and South America, respectively. PGPICC's priority is to build a long-lasting relationship with its customers, especially end-users, and to focus on development in order to meet customers' needs. Keeping with PGPICC's mission, we are committed to providing competitive high-quality petrochemical products to our customers around the globe.

MAIN PRODUCTS

Products of PGPICC are classified in four major categories

POLYMERS & ISOCYANATES

- Low-Density Polyethylene (LDPE)
- High-Density Polyethylene (HDPE)
- Suspension Polyvinyl Chloride (S-PVC)
- Emulsion Polyvinyl Chloride (E-PVC)
- Textile Grade Polyethylene Terephthalate (Textile Grade PET)
- Bottle Grade Polyethylene Terephthalate (Bottle Grade PET)
- Polyester Oriented Yarn (POY)
- Styrene Butadiene Rubber (SBR)
- Polycarbonate (PC)
- Solid Epoxy Resin (ER-S)
- Liquid Epoxy Resin (ER-L)
- Methylene Diphenyl Diisocyanate (MDI)
- Toluene Diisocyanate (TDI)
- Ortho Toluene Diamine (OTD)
- Polymeric Diphenyl Methyl Amin (PMA)

FUEL & FEEDSTOCKS

- Propane
- Butane
- LPG
- Ethylene
- Heavy End
- Raffinate
- Gasoline
- Reformate
- A92
- C5+
- Hydro Treated Naphtha (HTN)
- Dripoline Pyrolysis Gasoline (DPG)

CHEMICALS & AROMATICS

- Benzene
- Para-Xylene
- Ortho-Xylene
- Mixed-Xylenes
- Toluene
- Styrene Monomer
- Heavy Aromatics (C9+)
- Methyl Tertiary Butyl Ether (MTBE)
- Caustic Soda
- EDC
- Sulfuric Acid
- Chloridric Acid
- Nitric Acid
- BPA
- Nitrobenzene
- Aniline
- Melamine Crystal

FERTILIZERS

- Urea
- Ammonia
- Ammonium Sulfate
- Potassium Sulfate
- Granular Sulfur Nitrogen
- Sulfur

PERSIAN GULF

ILPC
ILAM PETROCHEMICAL COMPANY
Founded in 2004, Ilam Petrochemical Company (ILPC), is located in the west of Iran and produces Olefins and various grades of Polyethylene. ILPC is among few producers of PE pipe grades in Iran.

APC
ARVAND PETROCHEMICAL COMPANY
Arvand Petrochemical Company (APC) was founded in 2000 and is located in Bandar Imam Petrochemical Special Economic Zone. APC produces valuable products including S-PVC, E-PVC, Caustic Soda and EDC. The company is one of the largest PVC producers in the Middle East, it is also the exclusive producer of various E-PVC grades in the region. APC can produce a wide range of special S-PVC grades.

HPC
HENGAM PETROCHEMICAL COMPANY
Hengam Petrochemical Company, which is a 1.8 million ton Urea and Ammonia production company, started production of Ammonia in 2023. The majority of HPC Ammonia will be consumed to produce Urea to be delivered to global markets all around the world for the most part.

KRNPC
KAROON PETROCHEMICAL COMPANY
Karooon Petrochemical Company (KRNPC) is the 1st producer of Isocyanates in the Middle East. The company was established in 2002 and is located in Bandar Imam Petrochemical Special Economic Zone. KRNPC produces a variety of engineering-grade petrochemical products including TDI and MDI that are sold in both domestic and international markets.

PETROCHEMICAL

ASPC
ARYA SASOL POLYMER COMPANY
Founded in 2003, Arya Sasol Polymer Company (ASPC), with an annual production capacity of 1.69 million tonnes of ethylene, C3+, and polyethylene (high, low, and medium density) is located in Pars Special Economic Energy Zone.

GOPC
GACHSARAN OLEFIN PETROCHEMICAL COMPANY
Gachsaran Olefin Petrochemical Company with a nominal capacity of 1 million tonnes of Ethylene started production in 2023 and supplies Ethylene and C3+ to various Polyolefin plants.

PGYRC
PERSIAN GULF YADAVARAN GAS REFINERY COMPANY
Persian Gulf Yadavaran Gas Refinery Company is an NGL unit, which was commissioned in 2023, mainly to supply C2+ to BIPC.

BIPC
BANDAR IMAM PETROCHEMICAL COMPLEX
Bandar Imam Petrochemical Company (BIPC) was founded in 1971 and is the largest petrochemical plant in Iran. BIPC is located in the north-west side of Persian Gulf. With a capacity of over 6.5 million tonnes per year, BIPC produces approximately 30 types of various products including LDPE, HDPE, PVC, Aromatics, LPG, Feedstocks, etc.

URPC
URMIA PETROCHEMICAL COMPANY
Urmia Petrochemical Company (URPC) was established in 1991 and is located in the Northwest of Iran. URPC is the 1st Crystal Melamine producer and the largest producer of Ammonium Sulfate in Iran. Urea, Ammonia, and Sulfuric Acid are the main feedstock for this complex.

INDUSTRY

KZPC
KHUZESTAN PETROCHEMICAL COMPANY
Khuzestan Petrochemical Company (KZPC) was established in 1998 in Bandar Imam Petrochemical Special Economic Zone. KZPC is the only producer of Polycarbonates and Epoxy Resins in Iran. The mission of the company is to supply Iran's domestic market while the production surplus is headed towards global markets.

PGBGRC
PERSIAN GULF BIDBOLAND GAS REFINING COMPANY
Persian Gulf Bidboland Gas Refining Company is Iran's largest gas collection and processing plant. It is capable of processing in excess of 56 million cubic meters of associated petroleum gas.

MHPC
MEHR PETROCHEMICAL COMPANY
Mehr Petrochemical Company (MHPC) is located in Pars Special Economic Zone and was founded in 2005. The main products of MHPC are various grades of HDPE (7000F & 5200B). These products are exported to cover the demand in the global markets.

LUFC
LORDEGAN UREA FERTILIZER COMPANY
Lordegan Urea Fertilizer Company (LUFC) is a Urea and Ammonia production Complex in Chaharmahal & Bakhtiari Province of Iran with a production capacity of 1.75 tonnes per annum in total. LUFC benefits from a strategic geographical location thanks to its proper access to gas and water resources and its proximity to three gas pipelines of Iran.

COMMERCIAL CO.

BSPC
BUALI SINA PETROCHEMICAL COMPANY
Buali Sina Petrochemical Company (BSPC) was founded in 1998 in Bandar Imam Petrochemical Special Economic Zone. BSPC which is known as the "3rd Aromatic project" in Iran, produces Xylenes, Benzene, Reformate, Raffinate, light and heavy Naphtha cuts.

STPC
SHAHID TONGGOOYAN PETROCHEMICAL COMPANY
Shahid Tonggooyan Petrochemical Company (STPC) was established in 1998 in Bandar Imam Petrochemical Special Economic Zone. STPC is the exclusive producer of Pure Terephthalic Acid (PTA) and Polyethylene Terephthalate (PET) in both bottle and textile grades in Iran. As a key petrochemical unit among Iranian manufacturing plants, STPC's products are fed into numerous downstream manufacturing sections namely plastics, textile fibers, and plasticizers.

NOPC
NOURI PETROCHEMICAL COMPANY
Nouri (previously known as Borzuyeh) Petrochemical Company (NOPC) is one of the largest producers of high-quality Aromatics in the world with a capacity of 4.5 million tonnes per annum. NOPC was founded in 2001 in Pars Special Economic Energy Zone. In addition to Aromatic products, NOPC also has an undeniable market share in production of fuels and feedstocks, primarily in the Middle East.

PPC
PARS PETROCHEMICAL COMPANY
Pars Petrochemical Company (PPC) was established in 1998 and is located in Pars Special Economic Energy Zone. PPC with an annual capacity of 4.48 million tonnes of production is the largest single-extraction unit in Iran. PPC is one of the key LPG exporters in the Middle East, the exclusive supplier of Styrene Monomer in Iran's domestic market, and a prominent exporter within the region.

THE **23RD**
IN THE
WORLD

THE **2ND**
IN
MIDDLE
EAST

Exclusive supplier of PET, MDI, TDI, PMA, OTD, Aniline, PC, Epoxy Resin, Caustic Soda and Naphtha Light End in Iran.

Biggest supplier of PE, PVC, Styrene, Benzene, Xylenes and MTBE in Iran.

Major supplier of LPG and Heavy End in Iran.

THE **1ST**
LARGEST
PETROCHEMICAL
COMPANY IN I.R.IRAN

Based on "ICIS top 100 Chemical Companies" issued in 2022
